Nearly 91 percent of employers responding to NACE’s Job Outlook 2017 survey prefer that their candidates have work experience, and 65 percent of the total group indicate that they prefer their candidates to have relevant work experience. 56 percent of employers prefer students gain their work experience via an Internship or Co-Op.

Over the last several years, the vast majority of employers with Internship and Co-Op programs indicated the “primary” focus of these programs was to recruit college graduates for full-time, entry-level positions.

ENSURING SUCCESS
Tips and Tricks!

BE FLEXIBLE
Good Co-Op experience is more important than location

FOLLOW THE RULES
The Student Policy Statement and your Coordinator will tell you what you need to know.

USE YOUR FACULTY COORDINATOR
Keep them informed of ALL contact with potential employers and what is discussed

DO NOT INDEPENDENTLY CONTACT YOUR EMPLOYER
Faculty Coordinators must always know where you are in the process with various employers
YOUR WORD IS YOUR BOND
Once you have accepted a position, you cannot back out. We hold employers to their word, so we ask the same of you.

WATCH YOUR EMAILS AND RESPOND
The Office of Professional Practice will be sending you announcements.

REGULARLY CHECK OPP DATABASE FOR JOB POSTINGS
This is key to becoming aware of the most lucrative opportunities.

BE PERSISTENT
Steadfast determination is the key of getting a quality Co-Op job offer.
